

# CLEARING CLUTTER

If you want to streamline your living space this spring, MStore has a solution.

**ABOVE LEFT**  
Space for clutter

**ABOVE RIGHT**  
Secure, clean and all yours

**W**e all build up 'stuff' in our lives, some of it essential, some of it precious and some that we simply can't part with.

From cars to archives, full house moves to business storage, MStore offers your very own personal space within a safe, secure, easily-accessible unit.

Hire as much or as little space as you need for your family or your business for as long or as short a period as you need. And if you don't know how much space your belongings will require, the helpful team are more than happy to offer advice.

If you own a second home in Cornwall, or if you're relocating to build a life here, temporary storage is a great stopgap during a refurbishment.

Contracts start from just one day, and you only pay for the days you use the storage. There is no one size fits all solution here as each contract is bespoke, and once you have a unit you don't have to stick with it. Space can easily be upgraded or downgraded within a few minutes by the helpful admin team to provide the perfect fit.

The units are also great for local businesses, especially those that are seasonal, as the units can be used as a hub for archive-holding,

contractors overspill, a storage space for goods when stock levels are high, and an out of season storage space for water sports companies. It's also a great initial storage space for start-up businesses that aren't yet ready to step up to an industrial unit.

Security is, as you would expect, fantastic: access to the site is 24/7 hr through a swipe card system to ensure you, and only you, are able to access your storage when you need to. Each unit is also individually alarmed and under full time surveillance by CCTV and specialist security companies. All units are well insulated and the majority benefit from industrial dehumidifiers to ensure belongings and goods leave as they arrive.

Conveniently located just a stone's throw from the A30 at the Victoria Interchange this is a clean, modern, purpose-built facility. Leave it to MStore to take care of your belongings while you enjoy everything Cornwall has to offer this summer.
