A deli pitstop on the A30, this is no ordinary service station.

Whether you are coming or going along the A30, Cornwall Services is a premium pit stop on your journey. It's a refreshing change from others you might find up and down the country, as here the usual suspects sit alongside local gourmet chefs and artisan food producers.

Sausage & Roll, the Open Oven Pizza Company and Cornish Delish all serve fresh, healthy and locally-sourced food and drinks to tired, bored and hungry drivers and passengers.

Start your day at Sausage & Roll, serving delicious gourmet hot dogs using locally produced artisan rolls and sausages. The wide range includes vegetarian and a gluten-free option served with fresh toppings.

Try the 'Cornish Blue': sausage topped with bacon, crumbled Cornish Blue, tangy chutney, wholegrain mustard mayonnaise and parsley. Then add a portion of rustic fries or sweet potato fries on the side.

You can breakfast like a king before the big drive with their breakfast bap too – Tamblyn's pork pattie, streaky bacon and free range egg. These are posh sausages at down to earth prices from £4.95 to £7.25 with kids meal deals too.

Cornish Delish has a collection of tasty food for any time of day. This is hearty Cornish fare for the tired traveller. Revive your energy with a breakfast roll – there's even hog's pudding in the meaty mix – or if you prefer something sweet, opt for a cream tea, brownie, and new for Easter, an ice cream. The packaging is 100% compostable too, so don't feel guilty about opting for a takeaway.

The door is always open at the Open Oven Pizza Company. Made freshly to order in front of you, the range of pizzas is as exciting as the big red gas fired oven they are cooked in.

Homemade tomato sauce is spread on the home made fresh soft dough and covered with delicious toppings, locally-sourced where possible.

There are all the classics, a breakfast pizza and seasonal specials too, including a Neapolitana with anchovies, capers and parmesan. Prices range £7 to £9 for a 12 inch pizza.

All three gourmet outlets will happily prepare the food to go for you – great if you're arriving at your holiday destination late and want something fast yet refined, or fancy something decent to keep you going en route home.
